Dynamic Wisdom is a self-managed collective that breaks norms and creates its own laws. Twenty-five Nigerian migrants live together in Switzerland in a small abandoned house, sticking together so that they never have to sleep outside again. But until when? A story between hope and despair, of these suspended lives, waiting for another future.

The screening of the movie as part of the Seminar “Les mobilités humaines dans le cinéma” will be followed by an open discussion with Elise Shubs, the filmmaker, moderated by Gianni D’Amato, the director of the nccr – on the move.
